SUMMARY

Senior Product Designer and UI/UX Designer with 5+ years of experience designing and shipping web and mobile products for in-house and client teams. Combines product thinking, UX research, interaction design, design systems, and AI-assisted workflows (Claude, Figma AI, Cursor) to simplify complex user journeys, build scalable design systems of 100+ components, and accelerate design-to-development handoff.

WORK EXPERIENCE

Senior UI/UX Designer 04/2025 – 08/2026
Axis Tech Lanka (Pvt) Ltd, Sri Lanka
Website: axis-tech.co

- Led a full-scale redesign of the product, improving the user experience on both web and mobile.
- Built a full-scale design system with reusable components, design tokens and UI patterns, improving consistency and collaboration between design and development.
- Built a dashboard design system in Figma with 100+ reusable components.
- Introduced AI-powered design workflows as part of the company's digital transformation initiatives.
- Used Claude AI in day-to-day design work for research synthesis, UX copy, ideation and rapid prototyping, speeding up design delivery.
- Maintained brand consistency across web and mobile applications for a cohesive product experience.

UI/UX Designer 11/2023 – 03/2025
Nimi Tech Limited, Sri Lanka
Website: nimidev.com

- Provided creative direction and design feedback to keep work aligned with business goals.
- Conducted usability testing and iterated on designs based on user insights.
- Gathered client requirements and translated them into user-centred design solutions.
- Defined and enforced design standards, guidelines and best practices across projects.
- Managed team workload and delegated tasks based on individual strengths and priorities.
- Worked closely with clients, product managers and developers to integrate design into the development lifecycle.

UI/UX Designer 12/2021 – 08/2023
Empite Solutions Pvt Ltd, Sri Lanka
Website: empite.com

- Designed user-centred websites and applications aligned with client requirements and business goals.
- Created personas, user flows, information architecture and accessible (WCAG) designs.
- Produced mid-fidelity wireframes and high-fidelity UI designs focused on consistency and usability.
- Improved user experience on ongoing projects through continuous iteration.
- Presented design solutions in client meetings and aligned stakeholders on project direction.

Intern UI/UX Designer 05/2021 – 11/2021
Arimac Lanka Pvt Ltd, Sri Lanka
Website: arimac.digital

- Created mid-fidelity wireframes for web and mobile applications in early-stage product design.
- Researched emerging design trends and concepts to bring fresh ideas into projects.
- Supported the design process from research to execution and refined solutions with the team.

EDUCATION

Bachelor of Information and Communication Technology (Honours) – Second Class 2017 – 2021
Rajarata University of Sri Lanka, Mihintale, Sri Lanka
Website: www.rjt.ac.lk

CCNA Routing and Switching 2018 – 2019
Cisco Networking Academy, University of Moratuwa, Moratuwa, Sri Lanka
Website: www.uom.lk

CERTIFICATIONS

Certificate of Completion: Claude 101 – Anthropic
Using AI in the UX Design Process – LinkedIn Learning
Webflow 101 Certification – Webflow
Learning Webflow – LinkedIn Learning
Design Thinking: Understanding the Process – LinkedIn Learning
UX Research: Journey Mapping – LinkedIn Learning
Agile Foundations – LinkedIn Learning
UX DesignOps: Overview – LinkedIn Learning
Figma for UX Design – LinkedIn Learning
Visual Design: The Ultimate Guide – Interaction Design Foundation (IxDF)
Web Design for Usability – Interaction Design Foundation (IxDF)

SKILLS

Design: Product Design, UI/UX Design, Interaction Design, Responsive Design, Wireframing, Prototyping, Design Systems, Design Tokens

Research: User Research, Usability Testing, Design Thinking, Personas, User Journey Mapping, User Flows, Information Architecture, Accessibility (WCAG)

Collaboration: Agile/Scrum, Cross-Functional Collaboration, Stakeholder Management, Developer Handoff

AI-Driven Design: AI-Assisted Ideation, Rapid Prototyping with AI, Prompt Engineering for Design, AI-Powered Design Workflows, Vibe Coding (Cursor), Figma AI, Claude AI, ChatGPT

Tools: Figma, FigJam, Miro, Adobe Photoshop, Framer, Webflow, Cursor, Claude

LANGUAGES

SINHALA – NATIVE
ENGLISH – PROFESSIONAL WORKING PROFICIENCY
